## Welcome from

## The Team TPS House Champions

**As TPS House Champions, we are incredibly excited to welcome back one of the most anticipated weeks of the school year. Hello, we are Mr Blackman and Miss Hinchliffe, and our**

**role encompasses all House events, ERA competitions and RAG Week.**

Next week sees the return of RAG Week (Raise and Give), where House pride, friendly rivalry and community spirit take centre stage as we raise money for our House charities. This year's line-up promises to be bigger and better than ever, with Staff vs Student Dodgeball kicking things off on Monday, followed by a Tuck Shop on Tuesday, the always-entertaining Staff Lip Sync Battle on Wednesday, Staff vs Student Darts on Thursday, and a thrilling Halloween Tug of War finale on Friday.

Alongside these headline events, there will be Year 7 House Bake Sales every break time under the Studio Canopy, giving students the chance to grab a sweet treat whilst supporting a great cause. Each House will take its turn running the bake sale, with Bourne on Monday, Joseph on Tuesday, Mirren on Wednesday, Redgrave on Thursday and Zephaniah on Friday, all competing to raise as much money as possible for their House charity.

Students can purchase cakes and gain entry to events by buying a token card on ParentPay. Each card contains five tokens and can be collected from the PE Office ready for an action-packed week of fundraising. We cannot wait to see the incredible support, House spirit and competitive energy on display as students and staff come together for a fantastic cause.

**Let the battle between the Houses begin and let's see just how much money Team TPS can raise!**

## Team TPS Runners Tackle The Great South Run

**This weekend the Team TPS Runners will be competing in the Great South Run. All money raised will support the work of the Rosemary Foundation in memory of Mr Newton.**

Pip Markey will be running the 5K race on Saturday. The 10-mile race on Sunday will be tackled by Mr Jennings, Mrs Gilliatt, Mrs Davies, Mrs Reah, Miss Ferrara and Mrs Vaudrey. Unfortunately we have lost Mr Blackman to injury!

There will be a special Team TPS and Rosemary Foundation cheering point near mile 6, so please come down to Portsmouth and support us.

## Petersfield Schoolwear Company

Petersfield SCHOOLWEAR COMPANY

**We are pleased to share that Petersfield Schoolwear Company has launched its new website and online store, offering both home delivery and click-and-collect services from Petersfield Market.**

The company will be attending the market twice a month throughout the year, increasing to weekly visits during the busy school uniform season in July and August. Parents can find more information and shop online via the new website.

Website: [Petersfield Schoolwear Company]

**We now have two uniform suppliers, The Petersfield Schoolwear Company, and Skoolkit - [www.skoolkit.co.uk]**

TPS TALKS

**The student protests in France have been the focus for this week's TPS Talks.**

We have used this story as an opportunity to discuss the value of democracy and how people can have their say, but should make their voice heard without violence or criminal behaviour. Pupils have debated whether violent protests only harden public opinion against the cause.

## Year 8 Assessments

**Year 8** will be sitting assessments in the majority of their subjects between Monday 16 November and Friday 27 November. These will be an important opportunity for students to apply what they have been learning in lessons and receive feedback on how to improve from teachers. Further to this, the **History, Maths Paper 1** and **Geography** assessment will take place on **Tuesday 17 November** and **Wednesday 18 November** in the Sports Hall in exam conditions. This is to build students' confidence in working in this manner and help them to achieve their best work.

Please ensure students are fully equipped with **all** the equipment they need for these assessments such as: a black pen, pencil, ruler, protractor, and a pair of compasses. All equipment must be in a clear pencil case.

Water can be taken into the assessment but must be in a clear plastic bottle. Students are **not** permitted to take any unauthorised items into the exam room such as phones, watches of any kind or air pods.

Please see the timetable below for the assessments taking place in the Sports Hall. All other assessments will be completed throughout the assessment window during lesson time.

| Lesson | Time | Tuesday 17 November | Wednesday 18 November |
|---|---|---|---|
| P1 | 08:55-09:50 | | **Maths Paper 1 – Non calculator** *40 minutes* |
| P3 | 11:05-12:00 | **History** *45minutes* | |

## Curriculum CHOICES

**Now that we have reached half term, we want students to feel settled and positive about the options choices they have made as they continue their journey towards their GCSEs.**

Changing subjects at this stage would mean missing valuable learning and potentially creating gaps in knowledge that could be difficult to catch up on. With this in mind, options choices are now final, and no further changes will be made.

Thank you for your continued support in helping students make a positive start to this important stage of their education.

**Does your child have a high temperature (38°C or more)?** YES Keep them off school until it goes away. NO Follow the guidance below.

Your child can usually go to school with a mild cough or cold if they are otherwise well. If you do keep your child at home, it's important to phone the school or nursery on the first day and give them the reason.

| Should go in | Should go in (let the school know) | Seek treatment before returning to school | Keep them off (at first) |
|---|---|---|---|
| **A cough, cold or sore throat**<br>Fine with slight cough or common cold symptoms, such as a runny nose, sore throat or headache, as long as they're otherwise well and do not have a high temperature.<br>**Threadworms**<br>Speak to your pharmacist, who can recommend a treatment. | **Cold sores**<br>Encourage them not to touch the blister or kiss anyone while they have the cold sore, or to share things like cups and towels.<br>**Conjunctivitis**<br>Fine unless they are feeling very unwell. Seek advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.<br>**Head lice & nits**<br>You can treat head lice and nits without seeing a GP.<br>**Hand, foot & mouth disease**<br>If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.<br>**Slapped cheek syndrome**<br>Once the rash appears, they're no longer infectious. Let the school or teacher know if you think your child has slapped cheek syndrome. | **Impetigo**<br>They'll need treatment from a pharmacist or GP, often with antibiotics. Keep them off school until all the sores have crusted over and healed, or for 48 hours after they start antibiotic treatment. Encourage your child to wash their hands regularly and not to share things like towels and cups with other children at school.<br>**Ringworm**<br>See your pharmacist unless it's on their scalp, in which case you should see a GP. It's fine for your child to go to school once they have started treatment.<br>**Scarlet fever**<br>They'll need treatment with antibiotics from a GP. Otherwise they'll be infectious for 2 to 3 weeks. Your child can go back to school 24 hours after starting antibiotics.<br>**Chickenpox**<br>Keep them off school until all the spots have crusted over. This is usually about 5 days after the spots first appeared. | **Ear infection**<br>If your child has an ear infection and a high temperature or severe earache, keep them off school until they're feeling better or their high temperature goes away.<br>**Measles**<br>They'll need to see a GP. Call the GP surgery before you go in, as measles can spread to others easily. Keep your child off school for at least 4 days from when the rash first appears. They should also avoid close contact with babies and anyone who is pregnant or has a weakened immune system.<br>**Vomiting & diarrhoea**<br>Stay away from school until they have not been sick or had diarrhoea due to illness for at least 2 days (48 hours). |

**Feeling worried or anxious:** It's normal for any of us to feel worried sometimes. We may get a tummy ache or headache, or have problems eating or sleeping. Avoiding school can sometimes make a child's worries about going to school worse. If your child is struggling, please speak to school as soon as possible to explore available help. If your child is still struggling and it's affecting their everyday life, you should contact GP or school nurse.

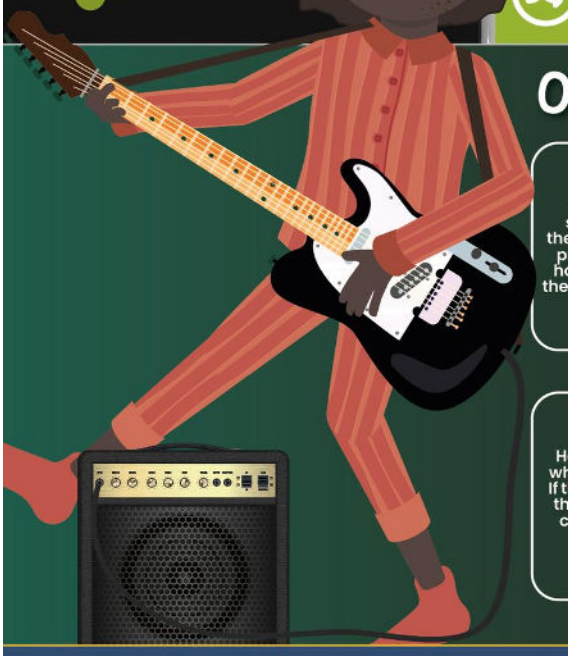
# MUSIC STREAMING APPS & SITES

## What are they?

### 'Music Streaming Apps & Sites'

Music streaming apps allow people to listen to music on their devices. It gives users access to millions of songs and artists from around the world. Popular music streaming apps and sites include Spotify, Soundcloud, Apple music, Amazon Prime and Deezer. Music streaming allows children to listen to songs from around the world in a much easier and cheaper way. This enables them to showcase their talent which would have been very hard to do many years back.



Download the App | Search Artists

Recently Played

## Know the Risks

### Explicit content

Explicit content is everywhere online, including in popular music. Children can easily access songs on Spotify, for example, that may have explicit or inappropriate language not suitable for children. It is also easy to erase searches so you can't see what a child has been listening to.

### Adult themed podcasts

Many music streaming apps also offer the ability to listen to podcasts which can vary across any kind of topic, from business and health to comedy and relationships. Again, children could be exposed to content which is more adult themed or contains age-inappropriate language.

### Chatting to strangers

Some music apps, like Playlist, want to make music a more social experience by finding others who share the same musical tastes and will allow users to join group chats where they listen to a playlist together in real time. This could open up your child to talking to strangers online.

## Safety Tips

### Use child friendly apps

Many music streaming services are made just for children. For instance, the Spotify kids app provides parents with control over what their children listen to and all the content is family friendly and fun for children to explore.

### Turn off explicit content

Most of the major music streaming apps will provide the option to turn off explicit material to make sure the music is completely clean. Some services even offer an option to lock the content censoring settings with a password, so your child can't switch it back.

### Implement privacy controls

Check the privacy setting of your child's app. Ensure that whichever app or site they choose to stream music, the settings are set to be private. This way they can only share the music they are listening too with friends and family and can't engage in conversation with strangers.

## Offering Support

### Explore apps yourself

If your child insists on wanting to use a music streaming app then be part of the journey with them. Take the time to understand which apps they prefer to use and why they want to use it. Find out how to use the app yourself and understand what they could be exposed to and how to ensure they get the most of it in a safe manner.

### Regularly check-in

Have regular conversations with your child about what they are listening to and how they are feeling. If they do hear explicit music or content that makes them feel uncomfortable, let them know that they can always talk to you and discuss what they've heard and what it means.

## And Finally...

We uncovered a Team TPS archive of old photos and press cuttings and we would like to share some of these wonderful memories with you .

**This week: Fundraising in the 1990s**

**Fundraising has always been an important part of the Team TPS ethos.**

Back in the 1990s, students were raising money by holding concerts, putting on fashion shows and shaving off teachers' moustashes. Students even sold sweets to pupils from the local infants school!

The Rosemary Foundation

**Looking for something creative this half term?**

These workshops are all about getting hands-on with clay and making something from scratch. Children and teenagers will create their own Halloween-themed plates and bowls, experimenting with shapes, textures and details to make each piece their own.

The final day will be dedicated to glazing, where they'll explore colour and learn how to finish their pieces, ready for that transformation in the kiln.

A chance to learn new skills, get creative and experience the process of making ceramics from start to finish.

No previous experience needed.

*Shared by a member of our local community - not a TPS organised programme*
