

ACCENT CATERING

At the heart of everything we do is our love of good, fresh and healthy food, prepared by teams who care. As a team of genuine foodies with a passion for flavour, we understand the importance of variety. We've taken the most popular and innovative high street concepts and given them a signature Accent twist!

Since 2001 when Accent Catering was founded, we have always taken pride in offering our teams unparalleled resources, attention and support. As a result, we have been recognised by the industry since 2012 as one of the **Best Employers** in both Food Service and in the Catering Industry.

In 2019 we were also recognised as one of the '**1000 Companies to Inspire Britain 2019**' in a report commissioned by the London Stock Exchange to celebrate the UK's most dynamic small and medium sized businesses. Most importantly, we are a fresh food caterer - no short cuts or pre-packaged products are allowed.
