JULY ISSUE | 2022

ENJOY | RESPECT | ACHIEVE

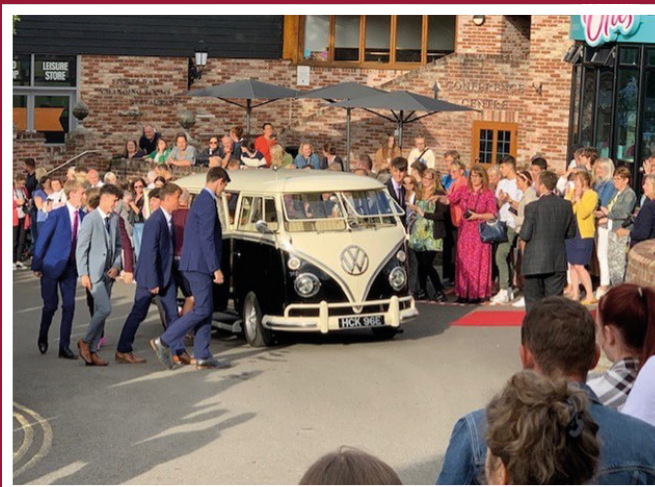

TPS Prom 2022

Despite a forecast of rain and some slightly threatening clouds, our Year 11 Prom was blessed with sun. It was the biggest TPS Prom ever, with over 240 students attending the event at Old Thorns Hotel, Liphook.

There was the usual array of fabulous dresses, smart suits and unusual modes of transport, including a golf buggy, motor bikes and tractor as well as a stretch limo and camper van. One student even arrived on her horse! The students stepped out of their vehicles to loud applause from the large crowd of proud parents and friends, and walked up the red carpet to be welcomed by Mr Marande while a string quartet played.

Inside, students sat down to a 3-course meal and then danced the night away to an excellent DJ set – a perfect end to their TPS journey!

Our unrivalled experience returns in full!

This term has seen a smorgasbord of fantastic student experiences here at TPS, from the return of our traditional Year 11 Summer Prom to countless outdoor learning opportunities.

We've been delighted to get so many of our students back outside and completing their Duke of Edinburgh Bronze and Silver awards, including our biggest ever *DofE* Silver expedition, hiking from QE Country Park to Brighton. This is over 100 kilometres and follows the route of the famous 'Gurkha Challenge' (although they run the 100k in about 10 hours!).

We have also planned a special Year 9 Camp to ensure that the students who missed out when they were in Year 7 back in 2020 due to the pandemic still have the opportunity to learn about themselves and the outdoors in their own bushcraft experience. We have also recently constructed a purpose-built outdoor classroom on site here at TPS, to ensure that all students receive frequent outdoor learning as part of their regular timetable.

We have been delighted to return to a full programme of Game Changer Week activities this term. Students undertook a huge variety of different tasks that often pushed them outside their comfort zone and helped to develop their character.

There is so much that students can learn about leadership, creativity and resilience beyond the normal academic setting. This week included restarting our Year 10 Mock Interview programme, and the interviewer feedback we received on our students was incredibly positive.

Finally, we were very happy to be able to celebrate our birthday, TPS Day, again in full after a few virtual years. We are 64 years old this year and it provided a wonderful opportunity for the students to reflect upon the history of the school and the part that they will play in our future

“These type of events are often the most vivid memories that students have from their whole time in education and they are a big part of the Team TPS experience, and we remain absolutely committed to ensuring that all students benefit from them.”

Mr Marande – Principal

5

TPS Day 2022

Happy Birthday TPS!

6

20 June is TPS Day when each year we celebrate the opening of the school here in Cranford Road – 64 years ago – and preparations are already underway for our Sapphire Anniversary next year!

The current generation of Team TPS have enjoyed music from various student bands and ensembles over break and lunchtime, tutor time activities, and students wrote gratitude postcards to staff, thanking them for their help and support. One Year 7 student went a step further, baking cakes for staff!

Fun fact: we also share our birthday with Madonna, Tim Burton, Gary Oldman, Kevin Bacon, Michele Pfeiffer, Peter Capaldi, Jamie Lee Curtis, Andrea Boccelli, Andie MacDowell, Kate Bush... What a vintage year...!

New Senior Prefect Team 2022-23

The new Senior Prefect Team for 2022-23 was announced by Mr Marande.

Head Boy is Oliver Patient and Head Girl is Nina Vennis. Deputy Head Boys are William Doe, John Hickmott and Charlie Hughes; Deputy Head Girls are Isabelle Anderson, Tilly Bateman, Lulu Edden, Sarah Williams and Lara Wood.

Outgoing Head Boy and Girl, Max Halder and Lucy Sampson, gave their successors some sound advice, including collaborating with their deputies to spread the responsibilities. The new team were presented with their ties by the outgoing Senior Prefect Team, who congratulated them on their appointment following a detailed and competitive selection process.

Mr Marande thanked this year's team for all their hard work and looks forward to working with the new team. Well done, everybody!

Leavers Assembly 2022

Team TPS said a fond farewell to a wonderful year group, the Class of 2022!

The students came to school for a special Leavers Assembly where they were entertained by the Year 11 band 'Electric Nerds' and by a solo performance from Fleur Ash and Mr Lown was crowned Teacher of the Year 2022.

Game Changer Day

Despite a few showers at times, Game Changer Day was a resounding success.

Students in Years 7, 8 and 9 spent the day participating in a range of activities including;

- First Aid, Zen/Tai Chi, command tasks and a sustainability challenge (Year 7);
- Life skills, command tasks, allotment tasks and an introduction to the Duke of Edinburgh Award (Year 8);
- Team-building tasks with the Navy, Science STEM task, finance task, fitness and resilience, mindfulness/yoga (Year 9).

Organisers Ben Holmes and Karen Heath said,

“The students really engaged with the activities and showed enthusiasm, creativity, resilience and teamwork – all essential attributes to be a game changer!”

Game Changer Week concluded with Year 8 students participating in Army challenges and STEM activities, whilst Years 9 and 10 were out on work shadowing.

Poetry Challenge

A huge congratulations to our aspiring poets that have been published in the one of the country's latest poetry challenges. Empowered poets across the school have taken charge for change and have proven that the pen is mightier than the sword.

Their brief was simple: to write about a topic that they feel impassioned about and empowered by. Students partook in the unrivalled experience and the results were fantastic.

Our students' tenacity, creativity, and confidence to spread awareness, galvanize change, while giving voice to causes that deserve to be heard has been outstanding!

We are very fortunate to share our voices, voices that inspire change, the voices of tomorrow. Our Game Changers.

Miss Jones

Portsmouth Homework Football Club Kicks Off to a Cracking Start!

Both Years 7 and 8 have carried the season through their dedication to homework and consistently impressive footwork.

Portsmouth Homework Football Club has seen a huge increase in numbers thanks to our KS3 cohort. Students have worked tirelessly week-in and week-out completing homework and improving their football skills led by specialist coaches from Portsmouth Football Club. The drills have seen an exercise in improvement of both the time management and organisation, combined with their 'tekkerz' out on the pitch.

"Homework Football Club is really fun because it means my teachers can help me with my homework. Getting homework done before the weekend means I've managed my time well and means I can spend the weekends doing the things I really love."

Ben Mosley (Year 8)

"As a Portsmouth FC fan, I love that I get the opportunity to train with coaches from the club. Getting homework done before playing football gives me chance to make sure I'm on track to hand my homework in on time."

Clara Setford (Year 8)

"I love that every week you get to play against different year groups at TPS and it's a great way to end the school week knowing that I've completed my homework and then I get to really enjoy the training session."

Jack Dodd (Year 8)

The club runs every Friday 2.30 - 4.00pm and is open to all year groups.

Come along, tackle your homework with support from teachers and refine your football skills with our PFC Coaches!

Miss Jones and Mr. Jennings

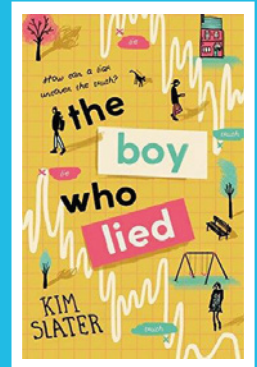

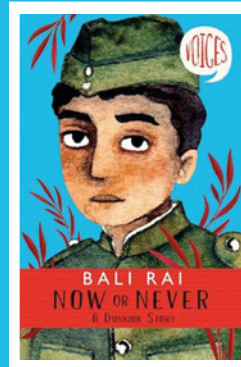

BET Book Awards 2022

enjoy read achieve

The shortlisted books were:

Since February, groups of Year 7 students across the Bohunt Education Trust have been avidly reading the 5 books on the first BET Book Award shortlist.

Meeting regularly at their own schools to compare notes, they judged the books on the BET values of Enjoy – Respect – Achieve.

Yesterday, students from Bohunt Liphook and Costello School met at TPS to discuss and then vote for their favourite book. While the votes were being counted, the discussion teams took part in a 6-round book quiz, the prize being a book for each of the winning team.

We are pleased to announce that the winner of the BET Book Award 2022, winning by a landslide, was...

“My Cousin is a Time Traveller”
by David Solomons.

Well done to all the participating students.

Pride Month

PRIDE
MONTH
2022

At TPS, we support diversity and inclusion as one of our core values of Respect.

The month of June is a time to reflect on how far LGBTQ+ rights have come, but also contemplate on how we can continue to support each other and pave the way to a more just society.

This week, in recognition of Pride Month, students raised the flag to fly alongside our TPS flag and House flag.

Students at TPS also discussed these issues in their weekly assembly with Miss Davis, who told the story of where Pride comes from and considered how we could continue to support LGBTQ+ people.

Year 10 student, Im B, said,

"I am honoured to raise the TPS Pride flag in support of the LGBTQ+ community."

Amy T added,

"I am very proud that the school has shown support for the LGBTQ+ community during Pride Month."

15

Race For Life

CANCER
RESEARCH
UK

Team TPS took part in this year's Race For Life at Portsmouth on Sunday 3 July. Please sponsor the team at:

<https://tinyurl.com/4k4s4w6p>

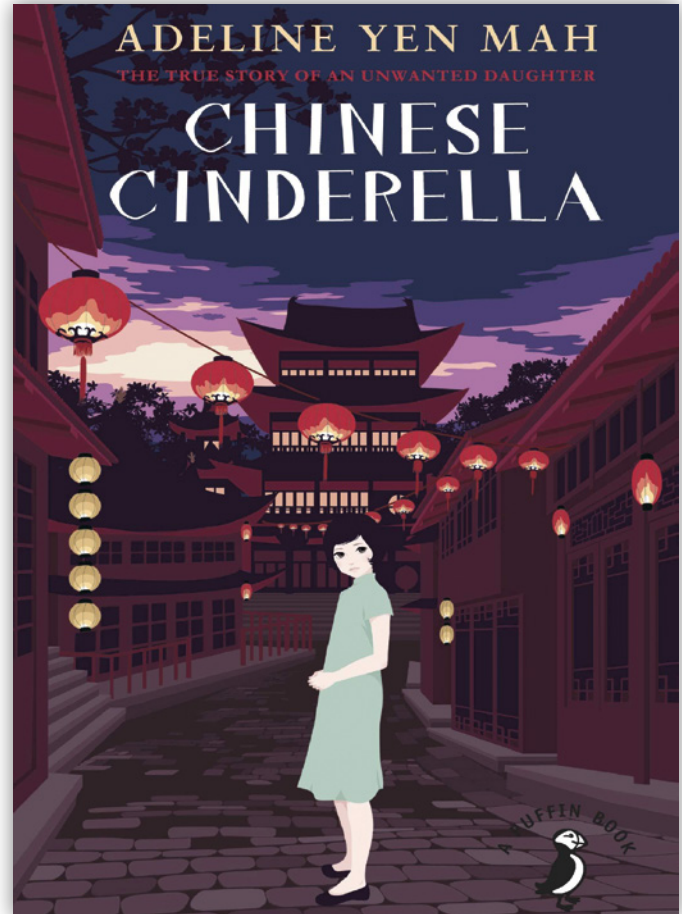

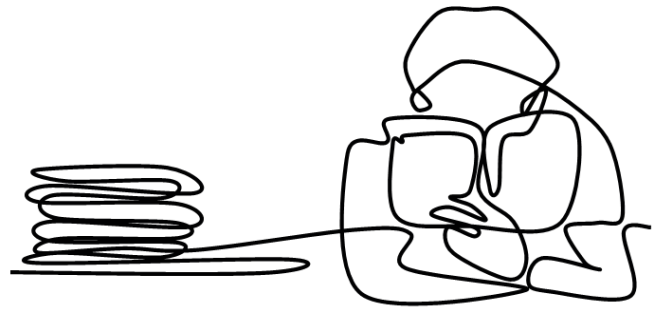

The Summer Term has seen the continuation of 'TPS Reads', our whole school tutor reading programme.

TPS Reads is part of TPS's whole school Literacy strategy, and involves each tutor group participating in the shared reading of a year group text.

The summer texts (which, for Years 7-9, have a multicultural focus) are:

- Chinese Cinderella (Year 7)
- The Boy in the Striped Pyjamas (Year 8)
- Of Mice and Men (Year 9)
- Lord of the Flies (Year 10)
- The Curious Incident of the Dog in the Night-Time (Year 11)

Upon completion of their book, each tutor group is now reading a booklet of classic short stories. Below is some feedback from staff and students on the programme:

Jake – Year 8:

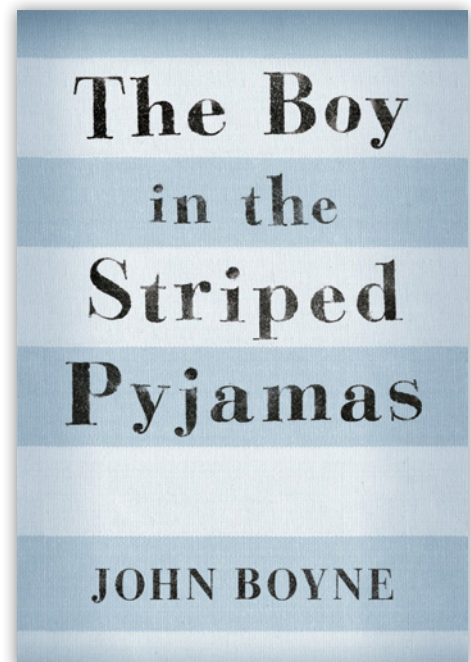

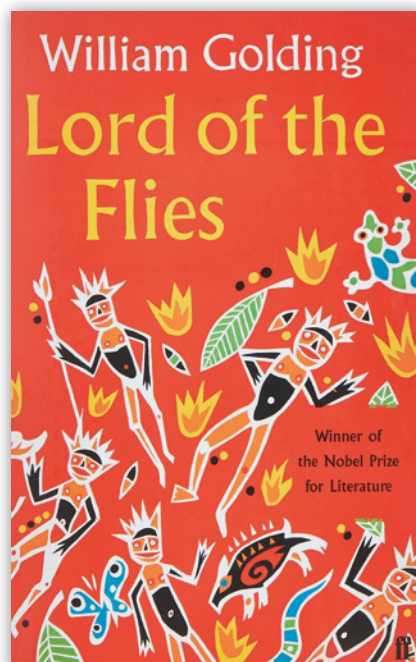

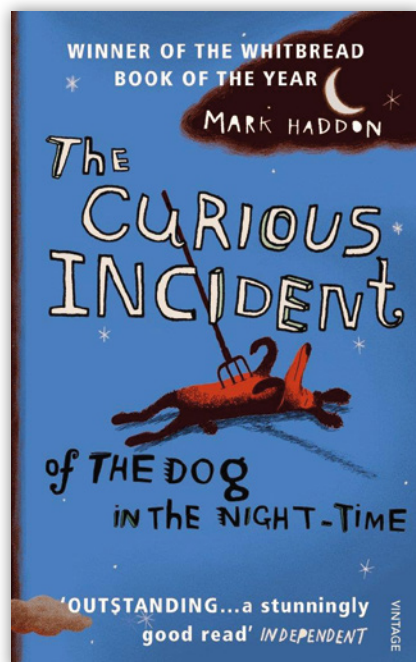

"I find it enjoyable and relaxing. Outside of English you don't get dedicated time to read much. It's actually really nice to hear other teachers read (not just English Teachers!)"

Rodney – Year 10:

"It would be great to read more than once a week."

Matilda – Year 8:

"It has given me an insight into other people's cultures."

Summer – Year 7:

"I like that we aren't reading and love having it read to me. You can relax more, and sit back and enjoy being read to. I get stressed if I know I have to read aloud, but with TPS Reads the stress and pressure is removed."

Ms Snow – Year 8 Tutor:

"I just wanted to say I have LOVED TPS Reads this year. The books for Year 8 have been great and I have enjoyed delivering it. I can really see the value, and it is a pleasure to see kids I know never read actually enjoy a book!"

Mr Cruddas – Year 9 Tutor:

"I really enjoy reading but rarely get time, so I have found TPS Reads to be a welcome reminder to tutor time."

Ms Palazy – Year 7 Tutor:

"Students are much calmer and more focused on that day compared to other tutor sessions."

We have been able to celebrate the achievements of tutor-nominated 'TPS Reads Stars' in each year group, with certificates and Waterstones vouchers for the most engaged readers.

As we wrap up our first year of the programme, we are excited to revisit some of the most popular books from this year, as well as introducing some new choices for September. As part of our 'Enjoy, Respect, Achieve' ethos, we also hope that every student will take up the challenge to 'READ MORE'!

Miss Jones and Miss Green
Literacy Co-Ordinators

Ignite 2021/2022

We have had such a successful year of Ignite events for all our KS3 and KS4 students at TPS; we were keen to bring students together from different year groups to collaborate in groups and work on challenges for which they had shared interests, passions and skills after so long being unable to share in these experiences from home.

Departments from across the school have come together to challenge our KS3 students with cross-curricular workshop challenges every half term.

We have seen collaborations from History and Art, Maths and PE, Computing and Economics, English and MFL and Science and STEM (twice!). These events have continued to gain in popularity throughout the year, and we are excited to see what our teachers challenge us with next!

For our KS4 students, we have been lucky enough to have been visited by a variety of speakers with a range of experience: Charlotte Avery, an ex-TPS student who came back to share all her experiences and top-tips for applying for and studying within an Oxbridge university; Linda Knutsen who has had an exceptionally interesting career in the sciences and who now works within the Ministry of Defence, currently researching and designing ingenious methods of defence against attacks that don't yet exist in our technological abilities; Ben Smith, a senior manager for a laboratory that creates products for Estee Lauder and who has an endless pit of knowledge about product design, manufacturing, production and advertisement that ensure Estee Lauder continues to keep making millions in the beauty industry; and our final speakers joined us from the Royal Navy, all 4 of them providing an education on the diverse roles and services that the Navy provide every minute of every day across the world.

KS4 Ignite Inspirational Guest Speakers 2021/2022

A talk by

Linda Knutsen **Head, Exploration Division**

Linda will talk about her career in defence science, the new division she has set up called Exploration Division and show a short film.

As part of our Ignite programme, we have been able to safely welcome guest speakers back into our school to share their fascinating experiences and careers with our students to engage and inspire them.

A talk by ex-student

Charlotte Avery

Charlotte is an ex-student of TPS who is currently studying at the University of Oxford.

We can't wait to see who will be joining us next year...!

A talk by

Russell Haines & Ryan Scott

A Lieutenant Commander in the Royal Navy and PO

A interview with

Ben Smith **Senior Manager**

ESTÉE LAUDER

Year 7 Geography Trip

At the end of May we took the whole of Year 7 to Gunwharf quays to look at some human geography and complete some physical fieldwork of sea defences.

Mr Currie

20

Buddhist Monastery Visit

On Thursday 9 June, 25 Year 10 Religious Studies students visited a local Buddhist Monastery for the day.

To develop their understanding of Buddhist practices, students had the chance to explore the grounds, interact with monks as well as partaking in meditation. Libby, Jenny and Maddi said that it was a:

"Great experience, where we saw how other people lived. We enjoyed the food, had a calming walk through the forest and we will definitely be returning!"

Mr Millard

Geology Workshop

Ryan Lawson, Lecturer at HSDC visited pupils in Year 9 and 10 to deliver geology workshops.

Students were introduced to some of the vocations that can be pursued in the field of geology

Some classes studied the causes and effects of earthquakes, how geologists use complex data to predict the consequences of earthquakes.

Others looked at volcanic activity and again, how geologists use sources of data to make calculations to enable safe and timely evacuation of cities and towns.

Mr Cruddas

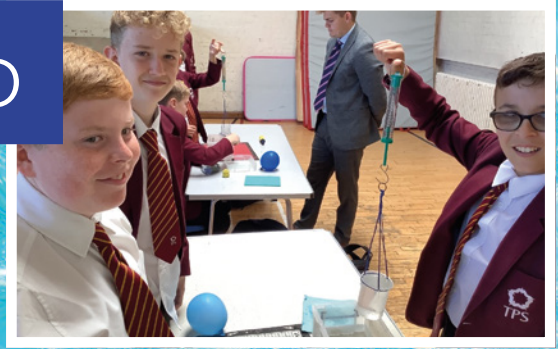

Buoyancy Workshop

Suzy from the Sea Cadets visited Year 7 during Game Changers week.

The aim of the sessions was to provide the students with a hands-on approach to buoyancy, and to discuss briefly a career in Marine Engineering.

The sessions were sponsored by the Marine Society to encourage more students into STEM careers. The students had a great time within these sessions, with the girls winning 8 of 10 of the buoyancy challenges. Two groups managed to float almost 0.6kg with a small piece of card and a piece of tin foil!

DT Wood Project

Just before the Jubilee, Year 9 students prepared recycled timber and cleverly created the Union Jack to celebrate the Queen's Jubilee.

It is painted with a range of paints and stains so can now be used as a teaching resource.

Huge thank you to Emily, Lucy, Aiofe, Lottie, Ethan and Fin and the rest of Year 9 who helped.

Visiting Photographer

Friends of the South Downs in their centenary year are working with schools and communities that are situated in this outstanding area of natural beauty, with the aim of appreciating how we work and live in the South Downs and building further knowledge about some of the History of our local area.

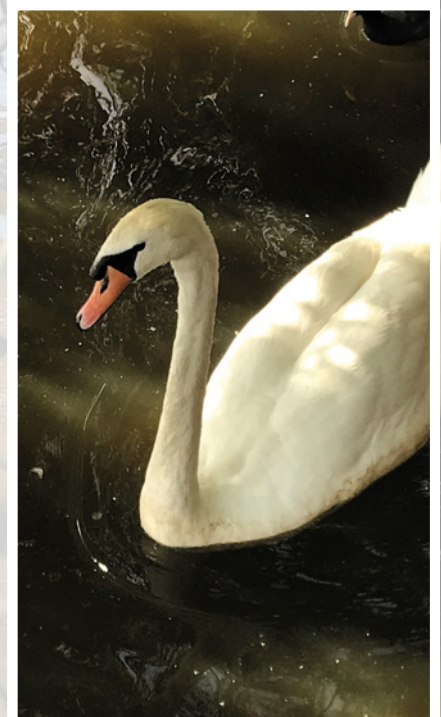

Photography students have had the opportunity of receiving expert guidance from professional Photographer Philip Bedford.

During an engaging presentation, Mr Bedford talked about his career and offering tips and advice about how to use cameras affectively in order to capture that perfect shot..

Year 9 Photographers were then taken on a walking tour of Petersfield and surrounding areas to put these tips into

practice. Photography tasks were centred around the work of local poet Edward Thomas who work is widely regarded as a major influence upon English poetry.

Some fantastic photos were taken, demonstrating a clear understanding of Mr Bedford's advice. Images will now be considered for inclusion in the Friends of the South Downs online exhibition and published book.

National Outdoor Classroom Day

SOUTH DOWNS NATIONAL PARK

25

Well done... ...Chloe, Zara, Emily, Grace, Eliza, Eleanor

who all contributed to this new artwork in our outdoor classroom area. Beautiful paintings to highlight each season in the year. We are really looking forward to further developing this outdoor area with a new shelter in the coming weeks thanks to funding from the staff development fund. The outdoor classroom area continues to provide students with opportunities to develop life skills, outdoor cooking and bushcraft skills.

Operation Hope

TPS | The
Petersfield
School

Year 7 Delilah C has been volunteering for Operation Hope for Ukrainian families coming to Petersfield at The Petersfield Cleaning Company, where her mum works.

Every day after school, Delilah has been putting together the Welcome Packs to give to the Ukrainian families settling into our local area.

Delilah's younger sister has befriended a little girl who joined her primary school and told her how she had received this wonderful welcome package, and Daisy was proud to say her sister helped put it together!

26

Harrison Volunteers

Harrison in Year 8 has routinely volunteered, every week at Hollycombe Steam Collection at Liphook.

He recently helped at the Jubilee weekend celebrations.

This is Harrison's absolute interest, passion and he hopes to follow a career in Engineering after TPS.

UNLOC's The Big Debate

Public Speaking and Debating Competition

On Tuesday 14 June, 10 of TPS's brightest and best debaters visited Portsmouth University for UNLOC's 'The Big Debate' competition. They were accompanied by English teacher Mr Jennings, Science teacher Mrs Hurman and Library Manager Mrs Glue.

The 10-strong team of Year 8 students had all participated in UNLOC's Public Speaking and Debating Boot Camps earlier in the term, and were excited to show off their skills against other schools at a competitive level.

The final team consisted of Eve B, Freya S, Daisy P, Aimie H, Rohan N, Henry S, Megan K, Lilly B, Ruby H and Sophia B. The team worked very hard in the lead up to the competition, giving up their lunchtimes, and coming after school to prepare both the proposition and opposition arguments for three controversial debate motions.

In two teams of five, they faced three Portsmouth schools, and Team 2 were honoured to reach the final! Eve, Megan, Lilly, Ruby and Aimie put up an amazing fight and were

eventually overall runners-up to an impressive team of much older students from Trafalgar School.

Eve won Best Use of Voice, Sophia won Best Listener, and Team 1 won Best Use of Voice and Message.

The students were thrilled with their certificates and trophy, and we are really proud of their achievements. We look forward to taking them back to competition next year, and for them to come and show next year's debaters how it is done at the 2022-23 boot camps!

Football & Netball Leicester Tour

During May half term the PE Department took the Year 9 & 10 Football and Netball Teams to Leicester. They were both offered a variety of different experiences.

The Netball team participated in the 'Play Like a Pro' training session delivered by a current Loughborough Lightning player.

They also participated in multiple matches in which they conducted themselves fantastically and played their hearts out despite the overall result. This also followed on to an unexpected opportunity of having a Q&A with the Loughborough Lightning Player Alice Harvey who also gave us some news that she was being scouted to play for England Netball! They also managed to experience having a tour of the Loughborough University which led to having a clear insight of what to expect at university.

The Football team had a memorable experience of a training session with the Leicester City Academy coaches. This followed with a tour of the King Power football stadium in which they were able to meet Matt Elliott who is the Ex-Leicester City Captain and have an inspirational talk from the current Premier League Referee – John Brooks. The hard training paid off with both football teams finishing with some amazing football results of Year 9s winning 6-3 and Year 10s winning 2-1!

We finished off the tour with a day at Drayton Manor theme park which the students all thoroughly enjoyed. A very memorable trip and the first PE Sports Tour since COVID! Make sure to keep your eyes peeled for further tours in the future!

The PE Department

Maths Challenge Win

Four Year 9 students (Millie, Ben, Sophie and Thomas), along with four pupils from Herne Junior School, took part in a Maths Challenge at Alton School. They competed against teams from eight other schools in answering some very challenging questions!

Round one consisted of working as a team of eight to answer a series of questions with increasing difficulty. Round two was a cross number round working in two teams, mixing primary and secondary students. Finally, round three was a shuttle round with teams taking it in turns to answer questions. Their hard work paid off, so much so that they **WON**, with each student receiving a certificate and trophy!

Mr Keer said

"The Petersfield team had excellent teamwork, communication, and high-level mathematical skills. It was lovely to see the two schools work so well together! Congratulations to everyone who took part, you should all be very proud of yourselves!"

29

Media Trip to Sky Studios

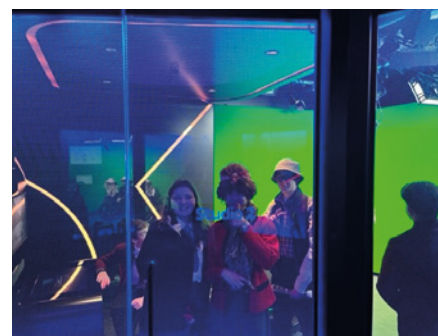

Earlier this year, Year 10 Media students took an exciting trip to Sky Studios. The experience included a tour of Sky Sports News and an experience to watch the presenters live in action!

The students then had the chance to create their own movie trailers, with guidance from the Sky team.

With the use of green screen, professional cameras, editing equipment and an extensive costume department, the students created a range of entertaining movie trailers.

The experience also included a Q&A session with the professionals from Sky in which the students learned all about the impressive apprenticeship and work experience opportunities.

MFL Cultural Projects

Year 7 and 8 MFL students have been very busy this term! Students have been developing their knowledge of the language they are studying by completing cultural projects on a topic of their choice.

We were amazed by the quality and creativity of the projects and the wide range of research produced by students. Here are a few examples of the fantastic creations we received:

MFL Haiku Poems

In addition to their Cultural Projects, students also had the opportunity to do some creative writing for MFL.

Students were asked to create their own Haiku poem either in the Target Language or English, being careful to follow the strict pattern of the Haiku poem that is based on syllables.

We were very impressed by the range and quality of work. We then had the very difficult job of choosing the best 5 Haiku poems and entered these into a BET competition. We are pleased to announce that Ben won the first prize for the best Haiku.

Well done to everybody who took part!
Madame Walters and Miss Jones

Green Flag Success

TPS is now a Green Flag school! This prestigious, international award confirms how much the Eco Committee, students and staff have all committed to making the school and local community a greener and happier place to be.

The Eco Committee have successfully demonstrated an increased environmental awareness, an improved school environment and the involvement of the local community in developing initiatives.

Students have been extremely busy this year with a range of projects, from ensuring our caterers make good and sustainable choices, to fundraising for our first solar PV system and producing green energy. We are delighted to have been recognised for all our hard work and were really happy with the feedback. In summary, we were told that our work to 'inform and involve is beyond brilliant', and that the assessors 'have found it difficult to put into words how impressed (they) are by (our) Eco-Schools Green Flag application'.

For last week's Game Changer Day, the theme of Reusing and Repurposing was a focus for Year 8 when Rachel Ritchie from Petersfield Climate Action Network (PeCAN) came in to deliver workshops around the use of textiles and of creating new clothes from old ones, mending, darning and creating pieces from scrap. Students were inspired and look forward to attending Petersfield's first Eco Fair on the Heath this July where they will be showing off their repurposed designs in a competition run by PeCAN.

Biodiversity Surveys

During this summer term, biodiversity surveys have been a focus for the Eco Committee with pitfall traps, sweep net surveys and mammal trace surveys taking up much of our summer afternoon sessions. We have found ladybirds and crickets, evidence of foxes and moles, and have thoroughly enjoyed getting to know our school grounds on the micro level.

The overall biodiversity of the site will certainly be improved over the coming years thanks to the installation of a Pollinating Garden outside the Art Block which the students have enjoying helping to create and maintain.

Outdoor Education

Bronze DofE Award

We have had a very successful term with over 130 students completing their Bronze DofE Award.

We have maintained our 100% pass rate with our expeditions and we look forward to welcoming all our current Year 8 students onto the Duke of Edinburgh Award next year, as you can see from the photos it's an experience to remember and a valuable skill to have when applying for jobs and further education.

Year 8 students enjoyed a DofE taster session as part of Game Changer Day and we will be sending details to our current Year 8 students on how to enroll before the end of term.

Silver DofE Award

This year we had 70 Year 10 DofE students enroll onto our DofE silver award.

This year we ran our first ever 'Challenge Expedition' which involved 100km walk from TPS to Brighton Football stadium over 5 days and 4 nights. Our students showed incredible resilience and determination to complete this challenge.

Well done to all involved.

Outdoor Classroom

We are very pleased to share with you our new outdoor classroom!

This area has been designed to provide a permanent shelter to enable students to access the outdoors as part of their lessons, all year round! All students in Year 7 and 8 have enjoyed sessions in cooking and bushcraft this term and most recently we were able to use this area to host our Game Changer introduction to *DofE* sessions.

A big thank you to the TPS Development Fund for funding this new area for our students.

Sailing Academy

Our sailors have now completed 10 weeks of sailing at the new Andrew Simpson Watersports Centre.

The course runs Friday evenings after school and students get to enjoy a total of 30 hours sailing. During this time they complete their RYA qualifications and the more experienced get some race practice in RS Fevas which are also used for those that complete in the National Hampshire Schools event.

PADI OPEN WATER COURSE PETERSFIELD SCHOOL

Coming in September 2022

Follow in the footsteps of other intrepid explorers from LWC and learn to breathe underwater and explore parts of the planet that most people can only dream of, by taking the PADI Open Water Referral Course.

As an Open Water diver, you can dive to 18m with a buddy and explore the amazing and diverse life that can be found in South Africa and around the world.

As part of the OpWall project we can offer this course for just £300 including your own mask and snorkel to keep. Sign up by Feb 2020 to secure this discount, and complete your eLearning through March, and pool dives in April / May. You will then complete the 4 open water dives whilst away in South Africa in July.

For more information contact Mrs Pollard or email us to answer any questions that you may have about this exciting opportunity.

Experience unparalleled adventure!

Discover a world beneath the waves!

The world's most recognised diving certification!

Discover the wonders of the Aquatic World!

Change your life and learn to dive!

OCEAN TURTLE DIVING

www.oceanturtdiving.com
enquiries@oceanturtdiving.com

After-school sailing will be available to all year groups in the summer term and is suitable for all ages and abilities.

TPS HAS GOT ★ TALENT

Wednesday 15 June saw the first ever Inter-House TPS talent Show and what a show it was!

The judges, Mr Marande, Mr Holmes and Miss Hinchcliffe were so impressed with all the performances, it was tough to try and choose the winner...

The results are as follows – drum roll please:

Joint Third Place was given to The Dancing Dinos, for their entertaining and energetic T-Rex performance: Oliver, Jack and Ivor. The other third place winners were The Double Muppets: a Year 7 band for their rendition of Wonderwall: Ellis, Phoebe, Charlotte, Lola and Oliver.

Second Place went to the talented Ryan Chiverton for his beautiful and impressive grade seven piano piece, Fur Elise.

First Place was given to the Year 8 Girls' show-stopping performance of 'Ex-Wives' from the musical Six: Aimie, Sophia, Lexie, Arabelle, Mimi and Megan.

A huge well done to all acts. Mr Dixon and Miss Wood were overwhelmed with how much time, effort and passion went in to all the performances.

Each performer received 20 ERAs for participation with all the winners receiving an extra 50 ERAs!

Mr Dixon

Look ahead to a wonderful year of music and live theatre at The Studio!

The TPS Development Fund is the school's only form of fundraising.

We are able to do this by receiving regular and one off donations from parents/friends and also through our own fundraising organised by our committee, and we will let you know about our exciting plans in the near future.

The funds raised are used to purchase those extra items that are not in our school budget, and have made a huge difference to the students' experience whilst in school.

If you wish to donate to the TPS Development Fund, please visit our new online giving page at: localgiving.org/donation/tpsdevelopmentfund/monthly or ask school Reception for a direct debit form.

SCAN ME

We love to celebrate the achievements of all of our student both inside and outside of school.
