Welcome and Farewell
from Mrs Edden,
Head of English

It's farewell from me!

My journey at TPS began in 2017 when I joined as Second in English. Since then, I've had the privilege of serving as Head of Media and, most recently, Head of English. Each role has brought its own challenges, opportunities and memorable experiences, and I have genuinely enjoyed every step of the journey.

TPS has been a place where I have grown both professionally and personally. I am incredibly grateful to Mark and to all of my colleagues for their unwavering support, encouragement and friendship over the years. Working alongside such dedicated and talented people has been one of the most rewarding aspects of my time here.

However, I've decided it's time for a new adventure. I have accepted a teaching position at an international school in Ho Chi Minh City and will soon be embarking on an exciting new chapter. The prospect of moving halfway across the world fills me with a mixture of excitement, anticipation and, if I'm honest, a little nervousness too!

While I am looking forward to what lies ahead, leaving the TPS community is not easy. TPS is a truly special school, and I feel fortunate to have been part of its story. It has been a privilege to contribute to its success and to work with so many wonderful students, staff and families.

Thank you for the memories, the support and the opportunities. TPS will always hold a special place in my heart.

The Children's Commissioner has launched The Big Future Survey to enable students to have a say on what it's like to be a child or young person in England today. The results will be sent to the Government, to help them make life better for children.

This is a valuable opportunity for children and young people to reflect on their experiences, share what matters most to them, and talk about their hopes and ambitions for the future.

Your child can complete the survey here:

Riots after handcuffing of murder victim

Is it fair to accuse the police of 'two-tier justice'? The verdict on the death of student Henry Nowak has caused political debate and protestor violence after accusations of unfair policing.

This week in TPS Talks we have covered the tragic murder of student Henry Novak and the political response to it, including the riots and criticism of the police. Students have discussed whether it is right for politicians to have a public debate following this tragedy, and if it is fair to accuse the police of 'two-tier' policing in the UK.

Year 7 Homework

Year 7 students start the year with a lighter homework timetable to help them settle into secondary school. From January, they will move onto the full weekly homework schedule.

Below is an overview of the homework students will receive each week from January.

Please note that expressive arts subjects may occasionally set optional enrichment tasks, which students can complete if they would like to.

Subject	Estimated time per week
English booklet	30 minutes
Literacy (Reading Plus/Lexia)	60 minutes (plus 30 minutes completed during Literacy lesson)
Maths Sparx*	30 minutes
Science Sparx*	30 minutes
MFL	30 minutes
History OR Geography project (alternates half termly)	30 minutes

*Over time, the Sparx algorithm should adjust the difficulty level so that it is suitable for individual students, meaning it can be completed in 30 minutes. If you are finding that even after several weeks, your child is spending more than 30 distraction-free minutes completing Sparx, please contact your child's Science or Maths teacher.

Year 8

Congratulations!

Congratulations to our Year 8 mathematicians who took part in the BET Maths Challenge at Costello School on Tuesday. Our two teams did really well on a selection of difficult maths and problem solving challenges. This included building a structure to hold a weight and a World Cup themed maths penalty shoot-out.

A fantastic performance saw us finishing 2nd and 4th overall.

Congratulations!

Congratulations to Year 8 pupils Jack T and Axel S for their SABA U14 Basketball Finals Win vs Solent Kestrels. It was a very close fought contest, with Havant coming out the victors 54-48.

Payments for the trips for ERA week are due

This is a reminder that payments for the day trips during ERA week are now overdue.

If you would still like your child to attend their chosen activity please make payment a.s.a.p. otherwise we will need to open the trip to other students and your child may lose their place. This reminder is for the day trips only.

(Please note, that does not include any overnight Year 7 or 8 camps or overseas residential in that week. Please follow the payment plans as outlined in those letters).

Celebration Evening 2026

We had a wonderful time on Tuesday at our Celebration Evening at Petersfield Festival Hall. The event celebrated the effort and attainment of students from Years 7 to 10, across all subjects over the past academic year.

We were delighted to welcome former student and guest speaker Imogen Haydon, who gave our students an inspiring speech about her journey from TPS to becoming a Graduate Materials Scientist now working in fusion energy at the UK Atomic Energy Authority.

Thank you to TPS Singers and String Ensemble who performed during the event.

Congratulations to all our winners and thank you to families for coming along to help celebrate our students.

What Parents & Carers Need to Know about INFLUENCERS

In today's digital age, social media influencers play an increasingly significant role in shaping the opinions, interests and behaviours of our children. While many of these individuals can have a positive effect, influencer culture can also present certain risks – such as encouraging consumerism, affecting self-esteem and blurring trustworthiness. To help ensure a safe online environment for young people, it's vital to maintain open communication, set sensible boundaries, promote a healthy self-image and teach digital media literacy. Our guide delves deeper into all of these.

WHAT ARE THE RISKS?

HEIGHTENED CONSUMERISM

A major way that influencers make money is through brand partnerships and sponsored content. As a result, children who follow them may be exposed to a steady stream of advertising; this can lead to materialistic attitudes, unrealistic expectations and an increased desire to have the latest products. Many influencers have built huge brand empires around their large, impressionable following.

THE SOFT SELL

Some influencers aren't always transparent about the motivations behind their posts, blurring the lines between genuine recommendations and paid-for promotions – and young people sometimes find it difficult to distinguish authentic content from advertising. Many major social platforms have taken steps to make sponsored content and ads easier to identify, but it remains an area of concern.

PRIVACY CONCERNS

Inspired by their favourite influencers, children may start sharing more of their own lives online – which could reveal personal information or details about their daily routine. This openness can put them at risk of cyberbullying or even predatory behaviour. This is exacerbated by live streaming, which gives young people no time to consider the potential consequences of saying too much.

UNDERMINING SELF-ESTEEM

Many influencers share images and videos of themselves and their activities, which are often painstakingly curated and edited to present an idealised version of their life. Children who follow these influencers may develop distorted expectations about body image and the concept of beauty, which can potentially lead to negative self-esteem and even mental health issues.

Advice for Parents & Carers

KEEP TALKING

Chat to your child about the content they consume on social media and the influencers that they like. Encourage them to think critically about what they see and hear online, and listen to any concerns they might have. Maintaining this line of open, honest communication can help your child to make informed decisions about which individuals they follow and what content they engage with.

SET SOME BOUNDARIES

Agree age-appropriate boundaries for your child's social media use, including time limits and privacy settings (the two major operating systems on mobile devices, Android and iOS, have these controls baked in). Try to keep an eye on your child's online activity and discuss it regularly with them – including reminding them of the potential risks that can arise from following influencers.

SUPPORT A HEALTHY SELF-IMAGE

Reinforce your child's awareness that real life isn't usually as picture perfect as it may appear on social media – and how some content (particularly that of influencers) is often curated, staged or edited to look more glamorous. If possible, highlight examples of other influencers who share authentic, relatable material which acknowledges their imperfections and struggles as well.

PROMOTE MEDIA LITERACY

Talk to your child about the concepts of sponsored content, advertising and potential influencer bias. Teach them to critically evaluate the information they're presented with online and to consider the possible reasons behind content creation. This can help young people develop the skills to make healthier decisions about the influencers they choose to follow and the content they consume.

Meet Our Expert

A former director of digital learning and currently a deputy headmaster and DSL, Brendan O'Keefe's experience and expertise gives him a clear insight into how modern digital systems impact the experience of children, staff and parents – and which strategies help to ensure that the online world remains a useful educational tool rather than a minefield of risks.

TPS 107 vs Felpham 43

Congratulations to our year 8 Girls Cricket team who have continued their good run of form with another win. This time against Felpham with an adapted indoor format. The girls bowled a really tight 16 overs with Felpham only scoring a total of 43. TPS then came out with some excellent straight striking of the ball and sailed to a total of 107 off their 16 overs. We look forward to seeing the girls back in action on Monday in the Semi Finals of the County Cup at home against Priestlands.

Apologies for the lack of sports news over the past couple of weeks.

WATER SAFETY

Stay safe. Have fun. Enjoy the water. ♡

DROWNING IS ONE OF THE LEADING CAUSES OF ACCIDENTAL DEATH IN CHILDREN IN THE UK.

MOST INCIDENTS ARE PREVENTABLE.

As the weather warms up, children and young people spend more time around water – at home, on days out or on holiday. Let's keep them safe.

Almost half of drownings occur during the summer months when temperatures are higher – especially when 25°C or above.

THE HSCP WATER SAFETY TOOLKIT FOR PARENTS & CARERS INCLUDES:

EVERYDAY RISKS AT HOME

Including bath time safety and garden hazards.

STAYING SAFE OUTDOORS

Such as the beach, around rivers and in open water.

PRACTICAL SAFETY ADVICE

Including the Water Safety Code and how to "Float to Live".

AGE-SPECIFIC GUIDANCE

For babies, young children, older children and teenagers.

WHAT TO DO IN AN EMERGENCY

Including simple first aid steps and where to find further support.

Small actions, big difference ♡

- ✓ Keep children within arm's reach of water.
- ✓ Choose safe places to swim.
- ✓ Talk to your children about water safety.

Together, we can help prevent tragedies and keep our children safe this summer.

For practical advice and resources, download the Water Safety Toolkit:
