Mr Robert Newton 1976-2026

I am deeply sorry to inform you that a well-respected and very popular member of staff, Mr Newton, has died after a short but valiant battle with cancer. We were informed this morning that he passed away last night at home.

Mr Newton was a Geography teacher with us and joined the school in 2020. He made a significant contribution to the life of the school leading our outdoor education programme, Duke of Edinburgh awards and our Combined Cadet Force. His commitment to our TPS community was outstanding and he guided so many students through experiences that will remain with them for the rest of their lives. We will be forever grateful for everything that he did for our whole school community.

The students were told today in tutor time and will be reacting to the news. When someone dies, young people may experience many different feelings, such as sadness or anger. Some people may feel shocked and upset by the news, while others will be confused or numb. These reactions are all normal.

We have tried to answer their questions in school, using age-appropriate and honest language. Students can speak to their tutor or our dedicated Student Services team for more support. For additional information about speaking to children and young people about death, visit the Child Bereavement UK website www.childbereavement.org

In school we will ensure that students (past and present), staff and parents will have the opportunity to share their thanks and memories of Mr Newton. If you would like to bring in any cards, messages or flowers to remember Mr Newton, we will be collecting these in our Reception Meeting Room. This will be open from 8am until 4pm each day from Monday 29 June for two weeks and can be accessed via Reception.

We will be in touch with further details of how our school will continue to celebrate Mr Newton's life and remember the incredible contribution he made to TPS.

Finally, all of our thoughts are with Mr Newton's family at this time.

Mr Marande

Headteacher

Communications & Reminders

12,197 ERAs for the whole school this week!

Social Media Ban for under 16s

Recently the government announced that [under 16s will be banned from using social media](#) platforms from next spring. We believe that this is a positive step, having seen first hand the significant safeguarding dangers and risks to teenage mental wellbeing social media use in this age group can cause.

Smartphone Free Childhood have created a helpful FAQs with details about the new policy here:

[UK social media age restrictions for under-16s - FAQs](#)

We will continue to educate our young people on how to have healthy digital habits and the reasons for this change in the law.

**Television: bringing families together... or
causing problems?**

Is television a good thing for society?

As part of this year's TPS anniversary celebrations, students imagined stepping back in time to 1958 - the year TPS was founded - to explore and debate whether television is a positive influence on society.

[TPS Talks Week 34 26/06/2026](#)

WATER SAFETY

Stay safe. Have fun. Enjoy the water. ♥

DROWNING IS ONE OF THE LEADING CAUSES OF ACCIDENTAL DEATH IN CHILDREN IN THE UK.

MOST INCIDENTS ARE PREVENTABLE.

As the weather warms up, children and young people spend more time around water – at home, on days out or on holiday. Let's keep them safe.

Almost half of drownings occur during the summer months when temperatures are higher – especially when 25°C or above.

THE HSCP WATER SAFETY TOOLKIT FOR PARENTS & CARERS INCLUDES:

EVERYDAY RISKS AT HOME

Including bath time safety and garden hazards.

STAYING SAFE OUTDOORS

Such as the beach, around rivers and in open water.

PRACTICAL SAFETY ADVICE

Including the Water Safety Code and how to "Float to Live".

AGE-SPECIFIC GUIDANCE

For babies, young children, older children and teenagers.

WHAT TO DO IN AN EMERGENCY

Including simple first aid steps and where to find further support.

Small actions, big difference ♥

- ✓ Keep children within arm's reach of water.
- ✓ Choose safe places to swim.
- ✓ Talk to your children about water safety.

Together, we can help prevent tragedies and keep our children safe this summer.

For practical advice and resources, download the Water Safety Toolkit:
www.hampshirescp.org.uk/parents-and-carers/water-safety/

Enjoy the water
Stay safe
Look out for each other

Library Books

As we near the end of term, please help us by checking at home for school library books and ensuring they are returned **before 2:30pm on Monday, 13 July**. To view your child's library loans, visit:

<https://uk.accessit.online/ptr06> log in using their TPS username (e.g. Y24NotherA) and password.

Loans will appear automatically or can be accessed by clicking their name at the top right.

Even if your child's account is clear, we'd appreciate you checking at home for any books belonging to The Petersfield School or the Hampshire School Library Service.

Please remind your child to renew uncompleted books at the library desk, so we can discuss the expected return date.

Any books not returned by 13 July will incur an £8 fine via ParentPay to cover replacement costs.

Finally, if you're clearing out books over the summer, donations to the library are always welcome, please drop them at Reception.

Thank you for your support.

Mrs E Glue,

Librarian

Attendance

Children thrive at 95%+

“It takes a village”

If you are worried about your child's attendance, or if there are any things going on that make coming to school hard, we are here to listen and help.

“It's never too late”

Every day in school counts right up to the end of Year 11. Those students who improve their attendance year on year often go on to achieve great GCSE results.

Team TPS Y11 Prom 2026

We had a wonderful evening at Old Thorns on Monday, celebrating with the Class of 2026 at their Year 11 Prom.

At our largest ever Prom, the sun shone brightly, but the heat did not get in the way of a fantastic evening. As ever there were some amazing vehicles delivering the students to the venue in front of a crowd of parents, friends and TPS staff.

We will make photos available to parents in the coming days and we look forward to seeing the Year 11 students again on GCSE results day on 20 August.

TPS - Spotlight

The Team TPS Teacher of the Year 2026 is...

Mrs Hume !!!

Congratulations on receiving the student vote for 2026. Mr Marande presented this prestigious award to cheers from students at our Leavers Assembly last week.

Well done also to our deserving runners-up,

Mr Cruddas in second,

Mr Currie in third

and Mr Lown in fourth place.

TPS Community Golf Day

Thank you to everyone that was part of the first TPS Community Golf Day last weekend. On Saturday 20th June 32 golfers from the TPS community including students, staff, parents, relatives and friends made up 8 Texas Scramble teams to compete for the converted TPS Golf Trophy.

A day that saw a whole array of different shots at Furzley Golf Course which almost included a whole in one on the 8th from Evie, before the final presentations in the evening. The scoring was exceptionally close with only 7 shots between the team that finished in 8th place and the team that finished in 1st place. A huge congratulations to the following winners.

Longest Drive - Mr Blackman

Nearest the Pin on 3rd - George P

Nearest the pin on 7th - Fynn F

Nearest the pin on 15th - Evie R

1st - Louie T Team (45)

2nd - Mr Scutt Team (46)

3rd - Staff and Alfie B Team (47)

All proceeds made from the event will go back into supporting the equipment and facilities provision for PE and Sport at TPS, in order to continue providing our students the best experiences of being active and healthy.

We look forward to welcoming everyone back again next year.

What Parents & Carers Need to Know about

YOUTUBE

YouTube is a video-sharing social media platform that allows billions of people around the world to watch, share and upload their own videos with a vast range of content – including sport, entertainment, education and lots more. It's a superb space for people to consume content that they're interested in. As a result, this astronomically popular platform has had a huge social impact: influencing online culture on a global scale and creating new celebrities.

INAPPROPRIATE CONTENT

YouTube is free and can be accessed via numerous devices, even without creating a YouTube account. Some content is flagged as 'age-restricted' (requiring the user to be logged into an account with a verified age of 18), but children can still view some mildly inappropriate material. This can include profanity and violence, which some young users may find upsetting.

CONNECT WITH STRANGERS

YouTube is a social media platform which allows people to interact with other (usually unknown) users. Account holders can leave comments on any video they have access to, as well as messaging other users directly. Connecting with strangers online, of course, can potentially lead to children being exposed to adult language, to cyberbullying and even to encountering online predators.

SUGGESTED CONTENT

YouTube recommends videos related to what the user has previously watched on their account, aiming to provide content that will interest them. This is intended to be helpful but can also lead to binge-watching and the risk of screen addiction, especially if 'auto-play' is activated. Users without an account are shown popular videos from the last 24 hours, which might not always be suitable for children.

HIGH VISIBILITY

Content creators can also be put at risk – especially young ones who try to make their online presence as visible as possible. Creating and uploading content exposes children to potential harassment and toxicity from the comments section, along with the possibility of direct messaging from strangers. Videos posted publicly can be watched by anyone in the world.

TRENDS AND CHALLENGES

YouTube is teeming with trends, challenges and memes that are fun to watch and join in with. Children often find these immensely entertaining and might want to try them out. Most challenges tend to be safe, but many others may harm children through either watching or copying. The painful 'salt and ice challenge', which can cause injuries very quickly, is just one of many such examples.

SNEAKY SCAMMERS

Popular YouTube channels regularly have scammers posing as a well-known influencer in the comments section, attempting to lure users into clicking on their phishing links. Scammers impersonate YouTubers by adopting their names and profile images, and sometimes offer cash gifts or 'get rich quick' schemes. Children may not realise that these users are not who they claim to be.

Advice for Parents & Carers

APPLY RESTRICTED MODE

Restricted Mode is an optional setting that prevents YouTube from showing inappropriate content (such as drug and alcohol abuse, graphic violence and sexual situations) to underage viewers. To prevent your child from chancing across age-inappropriate content on the platform, we would recommend enabling Restricted Mode on each device that your child uses to access YouTube.

18

CENSORED

TRY GOOGLE FAMILY

Creating a Google Family account allows you to monitor what your child is watching, uploading and sharing with other users. It will also display their recently watched videos, searches and recommended videos. In general, a Google Family account gives you an oversight of how your child is using sites like YouTube and helps you ensure they are only accessing appropriate content.

CHECK PRIVACY SETTINGS

YouTube gives users the option of uploading videos as 'private' or 'unlisted' – so they could be shared exclusively with family and friends, for example. Comments on videos can also be disabled and channels that your child is subscribed to can be hidden. If your child is only uploading videos that are protected as 'private', they are far less likely to receive direct messages from strangers.

CHECK OTHER PLATFORMS

Influential content creators usually have other social media accounts which they encourage their fans to follow. Having an open discussion about this with your child makes it easier to find out how else they might be following a particular creator online. It also opens up avenues for you to check out that creator's other channels to see what type of content your child is being exposed to.

MONITOR ENGAGEMENT

YouTube is the online viewing platform of choice for billions of people, many of them children. Younger children will watch different content to older ones, of course, and react to content differently. You may want to keep an eye on how your child interacts with content on YouTube – and, if applicable, with content creators – to understand the types of videos they are interested in.

LIMIT SPENDING

Although YouTube is free, it does offer some in-app purchases: users can rent and buy TV shows and movies to watch, for example. If you're not comfortable with your child purchasing content online, limit their access to your bank cards and online payment methods. Many parents have discovered to their cost that a child happily devouring a paid-for series quickly leads to an unexpected bill!

Meet Our Expert

Clare Godwin (a.k.a. Lunawolf) has worked as an editor and journalist in the gaming industry since 2015, providing websites with event coverage, reviews and gaming guides. She is the owner of Lunawolf Gaming and is currently working on various gaming-related projects including game development and writing non-fiction books.

#WakeUpWednesday

Sports Results and News

Congratulations to our Year 10 Girls Handball Team who travelled to Nottingham on Thursday for the National Handball Finals.

The girls started strongly against Downlands and Narrowly missed out on the result losing the game 3-2. They then had an excellent win against Durham winning the game comfortably 5-2. This left a final test against Trinity. Despite an excellent effort from the girls who showed some exceptional resilience they were unable to take their chances and lost the game 7-4. This allowed for a friendly game against Highcliffe before playing for 9th and 10th place against Thorp school. The girls were awesome and finished the day on a high winning the game 5-2.

Well done to all of the girls involved who have worked so hard this year and inspired so many younger players to start playing the game.

ALLERGENS

we're allergy aware!

If you have a food allergy or intolerance, please ask the Allergen Guru or Manager about the ingredients in your meal.

And Finally...

We have recently uncovered a Team TPS archive of old photos and press cuttings. Over the next few months we would like to share some of these wonderful memories with you .

This week: Prom 1999

For over thirty years the TPS prom has been a much-loved feature of the post-exam celebrations.

In 1999, Kevin and his girlfriend Kay arrived in style by helicopter. Special permission was granted to the couple to land on the school playing field. Other guests came by stretch limo, a Rolls Royce and vintage cars. The ball itself was held in the Main School Hall and students were treated to a meal of salmon, ham and salad before dancing the night away to a “professional” discotheque.
